

Niaz Muhammad Khan

220kV grid station burhan.
03114899889 | niazkhan3074@gmail.com

Objective

Certified electrical engineer with a master's degree in electrical engineering. Seeking an opportunity to apply my knowledge of the electrical engineering process to improve the design of electrical systems and make them more energy-efficient.

Experience

Internship

-

NTDC

During his internship period he has worked on Grid System Operation and Protection System of 220KV Grid station NTDC Burhan.

Electrician

2021 - 2023

Private

* Expert in building wirings installation.

* Solar panel installation.

Education

Course / Degree	School / University	Grade / Score	Year
BE Electrical Engineering	Swedish College Engineering Technology wah cantt	CGPA=2.75	2023
DAE Electrical	Swedish College Institute of technology wah cantt	74%	2018
SSc	Govg high secondary school hassan abdal	56%	2015
Building Electrician	Swedish college institute of technology wah cantt	82%	2016

Skills

* Expert in installation , maintenance and repairing of all kinds of electrical equipments.

* Worked in repairing of various electrical wirings switchboards in buildings.

To design motor star delta startor.

To design sereis and parallel circuits.

To design generator protection system.

Multisim

MATLAB
Driving.

Projects
Final year project Generator Protection using SCADA
