PROJECTS

Skiltrak

📅 12/2023   📍 Australia

A platform reliably connects students, administrators, RTOs, and industry professionals for certification and job placement. It's managed by admins, with RTOs guiding students. Industry professionals find candidates using Dart.

Dalile

📅 09/2022   📍 Abu Dhabi

Created a revolutionary real estate mobile app with advanced search filters, interactive maps, virtual tours, and personalized recommendations for a superior user experience. Designed a secure, intuitive interface allowing users to save favorites, compare listings, and receive instant notifications.
