PROJECTS

E-Commerce Website

[15/08/2022 – 09/07/2023]

My final year project is an e-commerce website, where I developed a fully functional online platform that enables users to **buy and sell** products or services. The project involves creating a **user-friendly interface**, integrating secure payment gateways, and implementing robust product management and search features. Additionally, I focused on optimizing the website for performance and ensuring a seamless shopping experience for customers.
