EXPERIENCE

Huawei International Company:

RF-Engineer (Network Design and Optimization Engineer)

During my 3 months tenure at Huawei i was deployed in the Planning workshop in Global Services Centre(GSC) Pakistan. In this workshop i was deployed in multiple international projects including Bangladesh Tele-Talk project, Indonesia project , Malaysia project and many more. My job responsibilities during the projects was with planning part where i used to find predictions coverages and optimization alongside depending upon the customers requirements and i used to report my work to my seniors and then to the customer using their ISDP platform.

Other Experience:

- Major Final Year project “Real time crowd counting “ in Python
- Mini project on “sound cancellation” in MATLAB
- 3-Bit Synchronous counter designing.
- Got first position in Quiz competition on FSC level.
