## OBJECTIVE

Having successfully written and defended my Master's Thesis in the mentioned below discipline, I am looking for an opportunity where I can showcase my talent, as to whatever I have learned so far and will continue to do so. I am highly capable of working in teams and as well as under pressure because meeting deadlines has always been my top priority. I always like to put a smile on my face no matter the situation and my biggest strength is I can talk people into new ideas. Punctuality, discipline and perseverance are the words that I have taken as the code of conduct for my professional life. I also possess and very rare skill which is meta-cognitive understanding of the situation and resolve the matter whichever the way possible, ethically.
