

# Curriculum vitae

## **Zohaib Nawaz**

(Industrial Engineer)

### Personal Details

**Date of Birth:** 14<sup>th</sup> January, 2000  
**Mobile No:** +923489418844  
**E-mail:** [Zohaibnawaz0534@gmail.com](mailto:Zohaibnawaz0534@gmail.com)  
**Nationality:** Pakistani  
**CNIC No:** 11201-4915433-7

### Objective

To secure a challenging position as an Industrial Engineer with a dynamic and forward-thinking company where I can apply my academic background, hands-on experience gained through job, internships and strong analytical skills to contribute to process optimization, efficiency improvement, and innovative solutions. Eager to collaborate with cross-functional teams to enhance production processes, reduce costs, and drive continuous improvement within the organization. A dedicated and results-driven professional with a passion for implementing sustainable engineering practices and a commitment to delivering high-quality outcomes.

### Experience

#### **01> Lucky Cement Limited: (Project base job duration 01 year)**

##### **❖ Department: Logistics and store management**

##### **Responsibilities:**

- Managed the end-to-end logistics of importing goods, including transportation and warehousing.
- Negotiated and managed relationships with transportation providers for optimal service levels.
- Generated regular reports on logistics metrics, providing insights for continuous improvement.
- Collaborated with quality assurance teams to ensure imported goods met specified standards and regulations.
- Implemented quality control measures throughout the import process.
- Implemented initiatives to reduce logistics costs while maintaining or improving service levels.
- Conducted regular evaluations of vendors and service providers to ensure they met performance standards.
- Established and maintained strong relationships with reliable suppliers.

#### **02> Lucky Cement Limited: (Internship duration 02 months)**

- Learn to monitor and maintain inventory levels, ensuring that stock is neither too high nor too low.
- Assist in the implementation of inventory tracking systems and understand their importance in the procurement process.
- Gain a comprehensive understanding of the procurement lifecycle from identifying needs to supplier

#### **03> FF steel mill: (Internship duration 02 months)**

- Assist in monitoring inventory levels and reconciling them with sales and production data.

- Collaborate with the team to ensure accurate and timely inventory replenishment to prevent stockouts and excess inventory.
- Work with the quality control team to ensure that the products meet specified quality standards.

### Academic Record

**Graduation:** Industrial Engineering

**Batch:** 2018-2022

**Result:** Gpa 3.00/4.00 Or 74%

**University:** University of Engineering and technology Peshawar (main Campus).

**Major Subjects:** Supply chain management, Material management, procurement, quality management, manufacturing engineering etc.
